New York, Sept. 18.-Those who argued that the sudden weakness that developed in the stock market yesterday afternoon after the early show of strength was due to the frost scare in the corn belt found infirmation for their views in the recovery in the stock market to-day simultaneously with the reaction in corn. The rise of 4½ in Sugar was due to the stock's subscription rights, declared by the stockholders to-day.

Fire which destroyed the cooking and dining tent at the East St. Louis pesthouse caused a panic among the smallpox-stricken inmates of the institution early vesterday morning. With the approach of fall the need for a pesthouse has been uppermost in the minds of the members of the Board of Health. The system of tents was an excellent scheme for the summer, but in the cold weather this system is considered very faulty. Only temporary relief will be granted as the result of the meeting yesterday afternoon, as it will take several weeks to perfect plans for a modern pesthouse. Overseer of the Poor Wheeler was ordered to have other shelters erected in place of the burned tents.
